March 18:

- AH:
 - What have I accomplished since the last meeting?
 - No progress
 - What will I work on before the next meeting?
 - work on the autoplay of the sponsor/ news banner on the info page
 - Are there any obstacles in my way?
 - No blockers
- CN:
 - What have I accomplished since the last meeting?
 - Worked on figma for BO pages.
 - What will I work on before the next meeting?
 - Finish BO figma, plan Admin pages.
 - Are there any obstacles in my way?
 - No real blockers, just a lack of creativity for the Figma.
- FB:
 - What have I accomplished since the last meeting?
 - Work on the BO donation figma prototyping.
 - What will I work on before the next meeting?
 - Make the Navigation bar for both the admin and BO app.
 - Are there any obstacles in my way?
 - No blockers.
- JH:
 - What have I accomplished since the last meeting?

- No progress.
- What will I work on before the next meeting?
 - Trying to improve BO signup from last sprint.
- Are there any obstacles in my way
 - No blockers.
- ML:
 - What have I accomplished since the last meeting?
 - No progress, working on other assignments.
 - What will I work on before the next meeting?
 - Will start on user click washrooms task.
 - Are there any obstacles in my way?
 - None.
- SB:
 - What have I accomplished since the last meeting?
 - Worked on figma for BO pages.
 - What will I work on before the next meeting?
 - Figma for admin pages.
 - Are there any obstacles in my way?
 - No blockers.
- SA:
 - What have I accomplished since the last meeting?
 - No progress.
 - What will I work on before the next meeting?
 - Handling edge cases in the user info screen.
 - Are there any obstacles in my way?
 - No blockers.

March 19:

- AH:
 - What have I accomplished since the last meeting?
 - worked on the autoplay of the sponsor/ news banner on the info page.
 - What will I work on before the next meeting?
 - continue working on the autoplay of the sponsor/ news banner on the info page.
 - Are there any obstacles in my way?
 - No blockers.
- CN:
 - What have I accomplished since the last meeting?
 - Finished planning Admin pages.
 - What will I work on before the next meeting?
 - Implement functionality for viewing saved washrooms in explore screen.
 - Are there any obstacles in my way?

- Need to review how to use local storage in React native.
- FB:
 - What have I accomplished since the last meeting?
 - Created and pushed the navigation bar for BO and admin app.
 - What will I work on before the next meeting?
 - Start implementing the BO donation page that I am assigned to.
 - Are there any obstacles in my way?
 - Still a bit unfamiliar with making complex figures in React Native.
- JH:
 - What have I accomplished since the last meeting?
 - Identified issue with signup page and resolved it.
 - What will I work on before the next meeting?
 - Starting my assigned sprint tasks.
 - Are there any obstacles in my way?
 - No blockers.
- ML:
 - What have I accomplished since the last meeting?
 - Started working on user click washrooms task.
 - What will I work on before the next meeting?
 - Continue on user click washrooms task.
 - Are there any obstacles in my way?
 - None.
- SB:
 - What have I accomplished since the last meeting?
 - Worked on figma for admin pages.
 - What will I work on before the next meeting?
 - Finish figma for admin pages.
 - Are there any obstacles in my way?
 - No blockers.
- SA:
 - What have I accomplished since the last meeting?
 - Worked on the info screen to handle edge cases related to banners and news list.
 - What will I work on before the next meeting?
 - Work on the autoplay feature of the info screen banners.
 - Are there any obstacles in my way?
 - No blockers.

March 20:

- AH:
 - What have I accomplished since the last meeting?
 - No progress.
 - What will I work on before the next meeting?

- start implementing my assigned task.
- Are there any obstacles in my way?
 - No blockers.
- CN:
 - What have I accomplished since the last meeting?
 - Created backend endpoint to fetch washrooms by giving a list of ids and if one of the ids does not exist anymore (when the washroom is deleted), we will just return the existing washrooms.
 - What will I work on before the next meeting?
 - Implement the frontend display for viewing saved washrooms.
 - Are there any obstacles in my way?
 - No blockers.
- FB:
 - What have I accomplished since the last meeting?
 - No progress, need to do other course assignments..
 - What will I work on before the next meeting?
 - Same as yesterday, implementing the BO donation page.
 - Are there any obstacles in my way?
 - No C01-related blockers.
- JH:
 - What have I accomplished since the last meeting?
 - No progress.
 - What will I work on before the next meeting?
 - Implementing backend for BO landing page.
 - Are there any obstacles in my way?
 - No blockers.
- ML:
 - What have I accomplished since the last meeting?
 - Updated to show washroom details page when clicking on marker.
 - What will I work on before the next meeting?
 - Add functionality to focus map when clicking washrooms along route.
 - Are there any obstacles in my way?
 - None.
- SB:
 - What have I accomplished since the last meeting?
 - Finished figma for admin pages.
 - What will I work on before the next meeting?
 - Start on business owner applications page.
 - Are there any obstacles in my way?
 - No blockers.
- SA:
 - What have I accomplished since the last meeting?
 - Worked on and finished the autoplay feature for the banner carousel in info screen.

- What will I work on before the next meeting?
 - Start work on the admin news screens - screens for adding, updating, and deleting news items.
- Are there any obstacles in my way?
 - No blockers.

March 21:

- AH:
 - What have I accomplished since the last meeting?
 - Worked on front-end design for the application information page on admin.
 - What will I work on before the next meeting?
 - continue to polish the front-end.
 - Are there any obstacles in my way?
 - No blockers.
- CN:
 - What have I accomplished since the last meeting?
 - Implemented frontend display for viewing saved washrooms through the display of a bottom sheet, started on working on the ability to save washrooms.
 - What will I work on before the next meeting?
 - Complete save washrooms feature.
 - Are there any obstacles in my way?
 - No blockers.
- FB:
 - What have I accomplished since the last meeting?
 - Make the sponsorship card on the pre-donation page. Implement logic to detect BO's tier and change card content and colour accordingly.
 - What will I work on before the next meeting?
 - Make the bottom sheet show the Tier Perks information.
 - Are there any obstacles in my way?
 - Quite overwhelmed and unsure where to start at first but once I started coding things started to make more sense.
- JH:
 - What have I accomplished since the last meeting?
 - Started on backend for getting sponsorship level and business name and implementation in the frontend.
 - What will I work on before the next meeting?
 - Finishing backend and having the frontend update access and images accordingly.
 - Are there any obstacles in my way?
 - No blockers.

- ML:
 - What have I accomplished since the last meeting?
 - Added functionality to focus map when clicking washrooms along route and bookmarked washrooms.
 - What will I work on before the next meeting?
 - Will start on adding user washroom report button.
 - Are there any obstacles in my way?
 - None.
- SB:
 - What have I accomplished since the last meeting?
 - Made navigation containers and frontend filters.
 - What will I work on before the next meeting?
 - Application cards with basic information.
 - Are there any obstacles in my way?
 - No blockers.
- SA:
 - What have I accomplished since the last meeting?
 - Started working on frontend for the admin news screens, specifically the news list screen and the add news screen.
 - What will I work on before the next meeting?
 - Finish frontend for all admin screens, start working on backend.
 - Are there any obstacles in my way?
 - No blockers.

March 22:

- AH:
 - What have I accomplished since the last meeting?
 - finished up front-end design for for the application information page on admin.
 - What will I work on before the next meeting?
 - work on the backend (fetching the number of applications that belong to each type of status.
 - fix the linking issue with the cards taking you to different pages.
 - Are there any obstacles in my way?
 - No blockers.
- CN:
 - What have I accomplished since the last meeting?
 - When opening a washroom that has been saved, the save button will be styled as "saved" while opening an unsaved washroom will style the save button differently as "save", clicking on save button has complete functionality of saving.
 - What will I work on before the next meeting?

- Get directions button that redirects to Google maps to get full route details from current location to washroom.
- Are there any obstacles in my way?
 - Mostly responsibilities from other courses.
- FB:
 - What have I accomplished since the last meeting?
 - Create the bottom sheet that shows the tier perks. Implement logic that the bottom sheet appears when “?” button is clicked and closes when “X” is clicked.
 - What will I work on before the next meeting?
 - Refine the bottom sheet because right now the styling is still scuffed and easily becomes messy when using screens of different size
 - Are there any obstacles in my way?
 - Struggled with styling especially understanding and mastering the use of Flexbox. Required help from some online tutorials to understand the concept.
- JH:
 - What have I accomplished since the last meeting?
 - Finished backend + frontend.
 - What will I work on before the next meeting?
 - Designing the frontend landing page.
 - Are there any obstacles in my way?
 - No blockers.
- ML:
 - What have I accomplished since the last meeting?
 - Started frontend work for report button and message.
 - What will I work on before the next meeting?
 - Will continue working on the report feature.
 - Are there any obstacles in my way?
 - None.
- SB:
 - What have I accomplished since the last meeting?
 - Scrollable list of application cards. Backend endpoints to fetch information.
 - What will I work on before the next meeting?
 - Backend endpoints to fetch information.
 - Are there any obstacles in my way?
 - No blockers.
- SA:
 - What have I accomplished since the last meeting?
 - Finished up work on the frontend portion of admin news list and add news pages.
 - Worked on backend logic for storing news items in the backend and displaying list of news.

- What will I work on before the next meeting?
 - Finish frontend and backend work on add news page.
 - Start frontend and backend work on update news page.
- Are there any obstacles in my way?
 - No blockers.

March 23:

- AH:
 - What have I accomplished since the last meeting?
 - refactored code to fix navigation issue.
 - worked on backend to fetch number of applications that belong to each type of status.
 - What will I work on before the next meeting?
 - continue working / tidy up on the backend.
 - Are there any obstacles in my way?
 - No blockers.
- CN:
 - What have I accomplished since the last meeting?
 - Implemented get directions button that redirects to Google maps to get full route details from current location to washroom.
 - What will I work on before the next meeting?
 - Start on making the more info page that admins and business owners will see if they click on their washroom/application.
 - Are there any obstacles in my way?
 - No blockers
- FB:
 - What have I accomplished since the last meeting?
 - Finish the bottom sheet and start creating the donation leaderboard.
 - What will I work on before the next meeting?
 - Finish the donation leaderboard and start linking the pre-donation page to the donation page and Thank you page.
 - Are there any obstacles in my way?
 - No obstacles.
- JH:
 - What have I accomplished since the last meeting?
 - Designed frontend and buttons for page navigation and tested the logout button.
 - What will I work on before the next meeting?
 - Navigation to the different pages (manage profile, manage images, etc.).
 - Are there any obstacles in my way?
 - None.
- ML:
 - What have I accomplished since the last meeting?

- Not much progress, occupied with another assignment.
- What will I work on before the next meeting?
 - Will continue working on user report washroom feature.
- Are there any obstacles in my way?
 - None.
- SB:
 - What have I accomplished since the last meeting?
 - Backend endpoints to fetch information.
 - What will I work on before the next meeting?
 - Functional filters to filter information in frontend.
 - Are there any obstacles in my way?
 - No blockers.
- SA:
 - What have I accomplished since the last meeting?
 - Started work on the update news pages.
 - Finished up the news list and add news pages.
 - What will I work on before the next meeting?
 - Finish the update news page.
 - Are there any obstacles in my way?
 - Non-C01 blocker: have assignments of other courses due

March 24:

- AH:
 - What have I accomplished since the last meeting?
 - continue working on errors with fetching the data in the backend.
 - What will I work on before the next meeting?
 - start on tasks with the BO pages.
 - Are there any obstacles in my way?
 - backend connectivity and emulator issues.
- CN:
 - What have I accomplished since the last meeting?
 - Created more info page for business owners when they click on their application/washroom card.
 - What will I work on before the next meeting?
 - Create more info page for admin, which is very similar to business owner's but with additional functionality.
 - Are there any obstacles in my way?
 - No blockers.
- FB:
 - What have I accomplished since the last meeting?
 - Created the donation and thank you page for BO and successfully linked them to the pre-donation page using react-navigation. Started to

implement the backend to fetch the info of BO based on their token and email.

- What will I work on before the next meeting?
 - Work on the backend part of the donation screen (fetch BO info, fetch total donation, fetch monthly donation).
- Are there any obstacles in my way?
 - Needed to refresh how to make a request and get data from the database.
- JH:
 - What have I accomplished since the last meeting?
 - No progress - sick.
 - What will I work on before the next meeting?
 - Frontend navigation to the pages + implementing the new pages.
 - Are there any obstacles in my way?
 - None.
- ML:
 - What have I accomplished since the last meeting?
 - Wrapped up frontend work for washroom reporting features.
 - What will I work on before the next meeting?
 - Will finish creating endpoint for adding reports to the DB.
 - Are there any obstacles in my way?
 - None.
- SB:
 - What have I accomplished since the last meeting?
 - Implemented functional filters, finalized pages for PR.
 - What will I work on before the next meeting?
 - Work on business owner washroom page.
 - Are there any obstacles in my way?
 - No blockers.
- SA:
 - What have I accomplished since the last meeting?
 - Finished up the update news frontend and backend.
 - Finished up all the work for the admin news pages.
 - What will I work on before the next meeting?
 - Design elegant displays for edge cases in the admin news screens and user info screen.
 - Are there any obstacles in my way?
 - Non-C01 blocker: have assignments of other courses due.

March 25:

- AH:
 - What have I accomplished since the last meeting?
 - worked on the Manage Banner Page for BO.

- What will I work on before the next meeting?
 - Finish the Manage Banner Page for BO.
 - Start on the Manage Images Page for BO.
- Are there any obstacles in my way?
 - None.
- CN:
 - What have I accomplished since the last meeting?
 - Created more info page for admins to manage applications which is similar to business owner's more info but it has the ability to change the status to next status, previous status, or reject.
 - What will I work on before the next meeting?
 - Create more info page for admin's washrooms and reports which is similar but has the ability to delete washrooms.
 - Are there any obstacles in my way?
 - No blockers.
- FB:
 - What have I accomplished since the last meeting?
 - Completed the backend to fetch info about the BO using its token. Fetched the business name, the total donation, the tier and the monthly donation.
 - What will I work on before the next meeting?
 - Handle the logic of promoting a BO to a higher tier when their total donation exceeds the threshold
 - Create the request to fetch the top 3 businesses from this month and last month for the leaderboard.
 - Are there any obstacles in my way?
 - No obstacle.
- JH:
 - What have I accomplished since the last meeting?
 - Finished navigation + implementation of Mange Profile and Privacy Policy pages + testing of the pages.
 - What will I work on before the next meeting?
 - Frontend for manage images page.
 - Are there any obstacles in my way?
 - No blockers.
- ML:
 - What have I accomplished since the last meeting?
 - Finished and tested endpoint for adding washrooms to DB, added functionality to warn users if there are multiple recent reports.
 - What will I work on before the next meeting?
 - Will start and finish washroom details image and business description story.
 - Are there any obstacles in my way?
 - None.

- SB:
 - What have I accomplished since the last meeting?
 - Implemented BO washrooms page. Implemented admin reports page.
 - What will I work on before the next meeting?
 - Work on admin applications page.
 - Are there any obstacles in my way?
 - No blockers.
- SA:
 - What have I accomplished since the last meeting?
 - Designed and implemented elegant displays for the edge cases in admin news screens and user info screen.
 - Added informative pop ups in the admin news screens for successful news add, update and delete.
 - Fully completed my assigned task and created PR.
 - What will I work on before the next meeting?
 - Help Jamie and Ashvini with their assigned task of BO profile.
 - Are there any obstacles in my way?
 - No blockers.

March 26:

- AH:
 - What have I accomplished since the last meeting?
 - finished working on the Manage Banner Page for BO.
 - Worked on displaying already stored images on the Manage Images page (frontend and backend endpoint).
 - helped Jamie and Sumaiya with updating the newly selected images for the Manage Image Page for BO.
 - What will I work on before the next meeting?
 - Work with the rest of the team to merge all tasks, fix bugs, and record video.
 - Are there any obstacles in my way?
 - None.
- CN:
 - What have I accomplished since the last meeting?
 - Imported washrooms page from business owner to admin with the additional ability to search for washrooms.
 - Created more info page for admins to manage washrooms and reports which is similar to other more info pages but it has the ability to delete washrooms.
 - What will I work on before the next meeting?
 - Review some of the code to make sure there are no bugs prior to recording the demo.
 - Are there any obstacles in my way?
 - No blockers.

- FB:
 - What have I accomplished since the last meeting?
 - Implement the promotion of BO to a higher tier. This includes checking their total donation from the donation table, comparing it with the threshold, and then sending a patch request to increment their tier by 1.
 - Fetch the top 3 donators of this month and last month and their business name, then use these data to complete the leaderboard section
 - Make middleware that updates the ruby business table once a month.
 - What will I work on before the next meeting?
 - Fix some bugs (mentioned below) and some polishing on the donation page.
 - Populate the database with mock data for video and demo purposes
 - Are there any obstacles in my way?
 - Encounter issues where the card flickers when tier is being calculated
 - Encounter bug where sometimes BO is promoted twice accidentally or not promoted.
 - Most of the issue is due to the asynchronous function being executed in an order that I did not expect, since this is my first time using react native. However, I solved it by using some useEffect and states.
- JH:
 - What have I accomplished since the last meeting?
 - Did frontend for manage images page and did error checking on the other pages, I worked with Sumaiya to add her backend part to the page.
 - What will I work on before the next meeting?
 - Merge the backend and frontend properly with Jamie and Ashvini and tested.
 - Are there any obstacles in my way?
 - Backend would only occasionally save the images to the database and would sometimes through an error, issue was hard to debug as the error only happened occasionally with no consistency.
- ML:
 - What have I accomplished since the last meeting?
 - Finished washroom details image and business description story.
 - What will I work on before the next meeting?
 - Testing and fixing errors.
 - Are there any obstacles in my way?
 - None.
- SB:
 - What have I accomplished since the last meeting?
 - Implemented admin applications pages.
 - What will I work on before the next meeting?
 - Bug fixing and polishing.
 - Are there any obstacles in my way?
 - No blockers.

- SA:
 - What have I accomplished since the last meeting?
 - Helped Jamie with the backend portion of manage images by creating a backend endpoint and implementing the logic of saving update changes.
 - Merge the backend and frontend properly and tested it to make sure it works
 - What will I work on before the next meeting?
 - Work with the rest of the team to merge all tasks, fix bugs, and record video.
 - Are there any obstacles in my way?
 - Backend would only occasionally save the images to the database and would sometimes through an error, issue was hard to debug as the error only happened occasionally with no consistency.

March 27:

- AH:
 - What have I accomplished since the last meeting?
 - Worked with Jamie and Sumaiya to debug the Manage Images page. The page would properly save and update the backend but would display the images incorrectly causing the wrong image to be updated.
 - What will I work on before the next meeting?
 - Resolving any other bugs with the Manage Images page.
 - Are there any obstacles in my way?
 - Inconsistent errors for the page that make it difficult to debug.
- CN:
 - What have I accomplished since the last meeting?
 - Started recording the demo of the 2 apps we developed.
 - What will I work on before the next meeting?
 - Complete recording of video demo and fix the bugs that were found during recording.
 - Are there any obstacles in my way?
 - Last minute bug fixes makes delays recording as we need to understand then fix the bugs first.
- FB:
 - What have I accomplished since the last meeting?
 - Completed the donation page and fixed most of the bugs and errors mentioned previously.
 - What will I work on before the next meeting?
 - Insert more mock data to make demo realistic.
 - Help Christopher with recording and bug fixing.
 - Are there any obstacles in my way?
 - Encountered some bugs while recording.

- JH:
 - What have I accomplished since the last meeting?
 - Worked with Sumaiya and Ashvini to debug the Manage Images page and try to find a work around for the implementation.
 - What will I work on before the next meeting?
 - Resolving any other bugs with the Manage Images page.
 - Are there any obstacles in my way?
 - Inconsistent errors for the page that make it difficult to debug.
- ML:
 - What have I accomplished since the last meeting?
 - Fixed errors and recorded demo for some features.
 - What will I work on before the next meeting?
 - Finalize deliverable documentation and modifying JIRA child stories.
 - Are there any obstacles in my way?
 - None
- SB:
 - What have I accomplished since the last meeting?
 - Bug fixes and polishing for admin new pages.
 - What will I work on before the next meeting?
 - More bug fixes and polishing.
 - Are there any obstacles in my way?
 - No blockers.
- SA:
 - What have I accomplished since the last meeting?
 - Worked on fixing an unexpected bug - mange images would only save images accurately sometimes - that took long to debug since the bug wouldn't show up most of the time and then occasionally show up at other times.
 - What will I work on before the next meeting?
 - Fix the mange image bug and work with the rest of the team to merge all tasks, fix bugs, record video.
 - Are there any obstacles in my way?
 - Inconsistent errors for the page that make it difficult to debug.

March 28:

- AH:
 - What have I accomplished since the last meeting?
 - Resolved an issue with the Manage Images and Mange Banner with Sumaiya - the images and banner would not save the images on first click of the 'Save' sometimes.
 - What will I work on before the next meeting?
 - Assist with any other issues as needed.
 - Are there any obstacles in my way?

- Inconsistent errors for the page that made it difficult to debug (the error would only happen once in every 10 tries).
- CN:
 - What have I accomplished since the last meeting?
 - Completed recording of the 2 apps we developed and bug fixes for some of the bugs that were found during the demo.
 - What will I work on before the next meeting?
 - Fix all the bugs that were found during the demo.
 - Are there any obstacles in my way?
 - Last-minute bug fixes delayed the recording as we need to understand then fix the bugs first
- FB:
 - What have I accomplished since the last meeting?
 - String together the video and audio from the recording. Cut out stutters and speed up typing moments during recording to shave off duration.
 - What will I work on before the next meeting?
 - Merge all the videos, add some text description and export to mp4 by tomorrow.
 - Are there any obstacles in my way?
 - Difficulty in editing video due to lack of skill and strong computer.
- JH:
 - What have I accomplished since the last meeting?
 - Resolved an issue with the Sponsorship page where it didn't trigger a change to the tier level in the main landing page.
 - What will I work on before the next meeting?
 - Assist with any other issues as needed.
 - Are there any obstacles in my way?
 - No blockers.
- ML:
 - What have I accomplished since the last meeting?
 - Approved PRs and working towards finalizing deliverables.
 - What will I work on before the next meeting?
 - Complete deliverables.
 - Are there any obstacles in my way?
 - None.
- SB:
 - What have I accomplished since the last meeting?
 - Bug fixes for the camera option for image upload.
 - What will I work on before the next meeting?
 - Finalize deliverable documents.
 - Are there any obstacles in my way?
 - No blockers.
- SA:
 - What have I accomplished since the last meeting?

- Resolved an issue with the Manage Images and Mange Banner along with Ashvini - the images and banner would not save the images on first click of the 'Save' sometimes.
- Resolved an issue with the Admin Update and Admin Delete - the update would only work sometimes and after clicking the button twice, the delete would output an irrelevant error.
- What will I work on before the next meeting?
 - Assist with any other issues as needed.
- Are there any obstacles in my way?
 - No blockers.

March 29:

- AH:
 - What have I accomplished since the last meeting?
 - Finalize deliverable documents.
 - What will I work on before the next meeting?
 - Last meeting.
 - Are there any obstacles in my way?
 - No blockers.
 -
- CN:
 - What have I accomplished since the last meeting?
 - Finalized deliverable documents and minor bug fixes found during demo recording.
 - What will I work on before the next meeting?
 - This is the last meeting :D
 - Are there any obstacles in my way?
 - Lack of sleep.
- FB:
 - What have I accomplished since the last meeting?
 - Finalise deliverable documents.
 - Finalise video editing.
 - What will I work on before the next meeting?
 - Figure out how to export and backup SQL database in case the laptop dies before the demo.
 - Are there any obstacles in my way?
 - Strained eyes and overheating computer.
- JH:
 - What have I accomplished since the last meeting?
 - Finalize deliverable documents.
 - What will I work on before the next meeting?
 - Final meeting.
 - Are there any obstacles in my way?
 - None.

- ML:
 - What have I accomplished since the last meeting?
 - Finalizing deliverables.
 - What will I work on before the next meeting?
 - Last meeting.
 - Are there any obstacles in my way?
 - None.
- SB:
 - What have I accomplished since the last meeting?
 - Finalize deliverable documents.
 - What will I work on before the next meeting?
 - Final Meeting.
 - Are there any obstacles in my way?
 - No blockers.
- SA:
 - What have I accomplished since the last meeting?
 - Finalize deliverable documents.
 - What will I work on before the next meeting?
 - Last meeting.
 - Are there any obstacles in my way?
 - No blockers.
